## ABOUT PROGRAM

Three-Day Research and Skills Development Program (RSDP) on "AI in Cyber Security and Forensic Science" aims to equip faculty members, researchers, and professionals with knowledge and insights into the transformative role of Artificial Intelligence (AI) in cyber security and forensic science.

OBJECTIVES

- To introduce participants to the fundamentals of AI and its applications in forensic science.
- To explore practical case studies and tools used in AI-driven forensic investigations.
- To discuss ethical considerations and challenges in integrating AI into forensic practices.
- To facilitate networking and knowledge-sharing among faculty and professionals.

Research and Skill Development Program
AI in Cyber Security and Forensics Sciences

Hybrid Mode

08-10 SEPTEMBER 2025

CERTIFICATE

NETWORKING OPPORTUNITY

WELL EQUIPPED LAB VISIT

KEY BENEFITS

- RSDP Certificate from National Forensic Sciences University
- Networking Opportunity
- Learn from Domain Experts
- Lab Visits in NFSU Goa to explore the well equipped tools in the field of Cyber Security and Forensic Science

WHO CAN ATTEND?

- Academician/Faculty
- Research scholar/Student
- Industry Professionals
- Govt. Organization.

ORNAGISING COMMITTEE

Chief Patron   Dr. J. M. Vyas,
Honorable Vice-Chancellor, NFSU

Chair: Dr. Naveen Kumar Choudhary

Co-Chair: Dr. Lokesh Chouhan

Co-Ordinators: Dr. Ranjit Kolkar and Dr. Inderbhan Singh

DOMAIN EXPERTS

- Eminent Experts from Academia & Industry
- Experienced Practitioners in Cyber Security & Forensics
